

# Elementary Chinese Classes

Week Two: April 6-10, 2020

## Google Classroom

We will use Google Classroom as a tool for Chinese language learning, visit:

<https://classroom.google.com/>

## DuoLingo

In addition to the practice and assignments listed below, students can learn more Chinese for fun using DuoLingo - a great language learning app. DuoLingo is free; however for an add-free and offline experience it is \$9.99/month.

- To get started and login, visit DuoLingo: <https://www.duolingo.com/>
- Once you have set up your account, use the classroom codes below:
  - Lower Elementary: **FUQMSE**
  - Upper Elementary: **KYUQPX**

## Lower Elementary - Colors

- Ms. Chen will provide a list of names of colors with a voice recording to assist with the pronunciations.
- Students should make their own set of flashcards to help practice the names of the colors. Use these flashcards to play games - visit the Google Classroom homepage for details and instructions.
- Students should choose at least 1 assignment from Google Classroom to do.

## Upper Elementary - Food & Drinks

- Ms. Chen will provide reading material with a voice recording.
- Students should listen to the records, read the accompanying materials and answer the questions - visit the Google Classroom homepage for details and instructions.
- Students should choose at least 1 assignment from Google Classroom to do.
